July 1, 1993

The Kansas Sentencing Guidelines Act (KSGA), at K.S.A. 21-4701 *et seq.*, became law.

March 24, 1994

The limited retroactivity provision of the KSGA found at K.S.A. 1993 Supp. 22-3717(f) was repealed. On March 24, 1994, K.S.A. 1993 Supp. 22-3717(f) was amended so that pre-guideline sentences would not be converted if new crimes were committed while an offender was on parole. This provision had allowed offenders on parole from an indeterminate sentence(s) to have their indeterminate sentence(s) converted to a determinate sentence under the KSGA, if they were convicted of a new crime while out on parole.

K.S.A. 1993 Supp. 21-4603d (Authorized dispositions) and 22-3717 (Parole or postrelease) were amended to eliminate the requirement that felony probation, parole, postrelease supervision, community corrections, or conditional release must be revoked due to a new conviction for a crime committed on one of these statutes and before a nondeparture term of imprisonment may be imposed for the new conviction, if a nonprison sanction is otherwise the presumed sentencing disposition.

July 1, 1994

K.S.A. 1993 Supp. 21-4704 (Sentencing guidelines, nondrug grid) was amended to provide that Felony Driving Under Influence (DUI) offenses committed on or after this date are nongrid crimes with no guidelines severity level. The sentencing for such offenses is to be governed exclusively by the penalty provisions of K.S.A. 1994 Supp. 8-1567. Thus a felony DUI conviction can no longer result in a state prison sentence.

K.S.A. 1993 Supp. 21-4704 was further amended to double the presumptive durations of sentences for crimes committed on or after this date for cases which fall in severity levels 1 thru 5 on the nondrug grid and within criminal history categories A and B.

April 20, 1995

K.S.A. 1994 Supp. 21-4706 (Sentencing) and 21-4722 (Good time credit) were amended. For crimes committed on or after this date, inmates can earn only 15% “good time” credit by which the prison portion of their guidelines sentence can be reduced. Prior to this date an inmate could earn up to a 20% reduction for “good time.”

K.S.A. 1994 Supp. 75-5217 (Violation of conditions of release) was amended. For crimes committed on or after this date, the term of imprisonment for technical violations of the conditions of postrelease supervision will be 180 days, subject to a reduction of up to 90 days for good behavior.

K.S.A. 1994 Supp. 22-3717 (Parole or postrelease) was amended. For crimes committed on or after this date, the postrelease supervision term for crimes in nondrug severity levels 1 thru 6 and drug severity levels 1 thru 3, will be 36 months; the term for crimes in nondrug severity levels 7 thru 10 and drug severity level 4, will be 24 months. The postrelease term can be reduced by up to 12 months for good behavior.

July 1, 1996

K.S.A. 21-4714 (Presentence Investigation Report), 22-3426 (Record of Judgment), and 22-3426a (Revocation of Probation), were amended to provide that all Presentence Investigation Report, Journal Entry of Judgment and Journal Entry of Probation Revocation Hearing forms are required to be

on a form approved by the Kansas Sentencing Commission.

K.S.A. 21-4704 (Sentencing guidelines, nondrug grid) was amended to double the presumptive sentence lengths for all nondrug grid severity level 1 and 2 crimes. “Border Boxes” were added to the drug grid at levels 3-E, 3-F, 3-G, 3-H, 3-I, 4-E and 4-F.

K.S.A. 21-4705 (Sentencing guidelines, drug grid) subsection (c) the pre-guidelines sentence conversion provision, commonly referred to as the “small sale of marijuana exception” was repealed.

May 29, 1997

K.S.A. 1996 Supp. 21-4705(c) (Sentencing guidelines, drug grid) was amended and the sentencing court is prohibited from distinguishing between cocaine base (904 1 L000) and cocaine hydrochloride (904 1 L005), when sentencing within the sentencing range of the grid block.

July 1, 1998

K.S.A. 1997 Supp. 22-3717 (Parole or postrelease) was amended to require that the conviction carrying the longest postrelease supervision period takes precedence when deciding which postrelease term will be controlling in a multiple conviction case. The 60 months postrelease term for sex crimes may be imposed in a multiple conviction case, even though the sex crime may not have been the crime with the highest severity level.

K.S.A. 1997 Supp. 21-4603d(a) (Authorized dispositions) was amended. Prior to imposing a dispositional departure for an offender whose offense is classified in the presumptive nonprison grid block of either sentencing guideline grid; or prior to the sentencing of an offender to incarceration whose offense is classified in grid blocks 5-H, 5-I, or 6-G of the sentencing guidelines grid for nondrug crimes or in grid blocks 3-E, 3-F, 3-G, 3-H, 4-E or 4-F of the sentencing guidelines grid for drug crimes; or prior to the revocation of a nonprison sanction of an offender whose offense is classified in the presumptive nonprison grid block of either sentencing guideline grid or grid blocks 5-H, 5-I or 6-G of the sentencing guidelines grid for nondrug crimes or in grid blocks 3-E, 3-F, 3-G, 3-H, 3-I, 4-E or 4-F of the sentencing guidelines grid for drug crimes, the sentencing court shall consider placement of the offender in the Labette Correctional Conservation Camp, conservation camps established by the Kansas Secretary of Corrections pursuant to K.S.A. 75-52,127 and amendments thereto, or to a community intermediate sanction center.

Pursuant to this statute, the offender shall not be sentenced to imprisonment if space is available in a conservation camp, or to a community intermediate sanction center and the offender meets all the conservation camp’s or the community intermediate sanction center’s placement criteria, unless the sentencing court states on the record the reasons for not placing the offender in a conservation camp or a community intermediate sanction center.

July 1, 1999

K.S.A. 1998 Supp. 8-262(a)(1)(C) (Driving while license canceled, suspended or revoked) was amended to eliminate the felony provision for a third or subsequent conviction for driving on a suspended license. Hereafter a second or subsequent conviction for driving while suspended under K.S.A. 8-262 will be a class A nonperson misdemeanor.

K.S.A. 1998 Supp. 8-287 (Habitual Violator) was amended to change the penalty from a severity level 9 nonperson felony to a class A nonperson misdemeanor.

K.S.A. 1998 Supp. 21-3402(a) (Intentional murder in the second degree) was amended to move it from an off-grid (Hard 10) offense to a nondrug grid severity level 1 person felony.

K.S.A. 1998 Supp. 21-4603d(a) (Authorized dispositions) was further amended to create a new special sentencing rule that provides the sentencing court with the discretion to sentence an offender to imprisonment for a new conviction committed while the offender was on felony bond, even if the offender's new crime and criminal history classification would otherwise presume a nonprison sentence. Further, a decision by the sentencing court to order an imprisonment sentence in this type of case does not constitute a departure.

K.S.A. 21-4638 (Mandatory 40 or 50 years imprisonment) was likewise amended to allow for the sentence length increase from the "Hard 40" to the "Hard 50." This amended statute makes it clear that a person sentenced to the "Hard 50" shall not be eligible for parole prior to serving 50 years imprisonment, and such 50 years imprisonment shall not be reduced by the application of good time credits.

K.S.A. 1998 Supp. 21-4704 (Sentencing guidelines, nondrug grid) was amended and important changes include: (1) The presumptive sentence lengths for crimes committed on or after July 1, 1999, which have sentences on severity levels 1 and 2 of the nondrug grid are decreased by 20 percent; (2) the presumptive sentence lengths for crimes committed on or after July 1, 1999, which have sentences on severity level 3 of the nondrug grid are increased by 20 percent; (3) subsection (i) of the statute is amended to clarify that sentences for felony domestic battery [K.S.A. 21-3412(c)(3)], shall not be served in a state facility in the custody of the secretary of corrections; and (4) a new subsection (l) is added to the statute which creates a new special sentencing rule requiring that a sentence for the commission of the burglary of a residence, [K.S.A. 21-3715(a)], shall be presumed imprisonment if the person being sentenced has a prior conviction for burglary of a residence, or a non-residence under subsections (a) or (b) of K.S.A. 21-3715, or a prior conviction for aggravated burglary under K.S.A. 21-3716.

K.S.A. 1998 Supp. 21-4711(a) (Criminal history classification) which contains the criminal history aggregation factor for prior convictions for assault, or juvenile adjudications for assault, was amended to clarify that "every three prior adult convictions or juvenile adjudications of assault as defined by K.S.A. 21-3408 and amendments thereto, occurring within a period *commencing* three years *prior to the date of conviction for the current crime of conviction* shall be rated as one adult conviction or one juvenile adjudication of a person felony for criminal history purposes."

K.S.A. 1998 Supp. 22-3717(b)(2) (Parole or postrelease) was amended to increase the length of the off-grid 15 years "life" sentence to 20 years before an offender was eligible for parole for qualifying crimes committed on or after July 1, 1999. Subsection (b)(3) of K.S.A. 1998 Supp. 22-3711 was also amended, for the purpose of specifying that the prior off-grid "Hard 10" life sentence for intentional second degree murder shall not apply to crimes committed on or after July 1, 1999.

K.S.A. 21-3522 created the crime of Unlawful Voluntary Sexual Relations, a.k.a. the "Romeo and Juliet" statute. Under this statute, unlawful voluntary sexual relations is engaging in voluntary sexual intercourse, sodomy, or lewd fondling or touching with a child who is 14 years of age but less than 16 years of age when the offender is less than 19 years of age and less than four years of age older than the child and the child and the offender are the only parties involved and of the opposite sex. Pursuant to this statute, unlawful voluntary sexual relations involving sexual intercourse is a severity level 8 person felony, unlawful voluntary sexual relations involving sodomy is a severity level 9 person felony and unlawful voluntary sexual relations involving lewd fondling or touching is a severity level 10

person felony.

NOTE: K.S.A. 21-3522 (Unlawful voluntary sexual relations) is not listed as a crime requiring registration under the Kansas Offender Registration Act at K.S.A. 22-4902.

K.S.A. 1998 Supp. 65-4159(b) (Unlawful manufacturing) was amended to provide that a violation of the prohibition against the manufacture of a controlled substance shall be a drug grid severity level 1 felony. Previously a first conviction under K.S.A. 1998 Supp. 65-4159 was a drug grid severity level 2 felony, and a second or subsequent conviction carried a drug grid severity level 1 penalty.

K.S.A. 1998 Supp. 21-4705 (Sentencing guidelines, drug grid) was amended by the addition of a new subsection (e) that created a special rule for the sentencing of second or subsequent convictions for the manufacture of a controlled substance under K.S.A. 65-4159. Under this special sentencing rule a second or subsequent violation would be a drug grid severity level 1 offense, but the sentencing court would be required to double the presumptive sentence length. However, the special rule permits the sentencing court to order a reduction of not to exceed 50 percent of the mandatory sentence length increase if mitigating circumstances exist. Any decision made by the sentencing court regarding the allowed reduction would not be considered a departure and would not be subject to appeal.

April 6, 2000

K.S.A. 1999 Supp. 75-5217 (Violation of condition of release) was amended to add language at subsection (d) of the statute to state that if a violation of postrelease supervision “results from a conviction for a new misdemeanor, upon revocation, the inmate shall serve a period of confinement, to be determined by the Kansas parole board, which shall not exceed the remaining balance of the period of postrelease supervision.”

May 25, 2000

House Substitute for Senate Bill 323

K.S.A. 1999 Supp. 21-4603 (Authorized dispositions, crimes before July 1, 1993) was amended to increase the amount of time an offender could be sentenced to county jail as a condition of an original probation was increased from the current 30 days to 60 days. In addition, an offender could also be sentenced to 60 days jail time for each probation revocation. *The increase in county jail time was not retroactive.*

K.S.A. 22-3716(b) (Violation of probation conditions, revocation) was amended to provide that condition probation violators were required to be placed in a Community Corrections program at least once prior to a revocation resulting in an offender’s placement in a state correctional facility. However, a public safety exception was included which would authorize direct placement in a state correctional facility if the court finds and sets forth with particularity the reasons for finding the safety of the members of the public will be jeopardized or the welfare of the inmate will not be served by assignment to community correctional services. *The provision requiring mandatory placement in Community Corrections was not retroactive.*

Subsection (e) was added to provide that condition probation violators who were subject to a probation revocation that resulted in the imposition of the underlying prison sentence to be served in a state correctional facility, would not be placed on a period of postrelease supervision upon their release from prison. Exceptions to this provision include:

1. An offender sentenced to a nonprison sanction pursuant to a dispositional departure.

2. An offender sentenced to a nonprison sanction and whose offense falls within a border box of either sentencing grid.
3. An offender sentenced for a sexually violent offense as defined in K.S.A. 22-3717.
4. An offender whose nonprison sanction was revoked as a result of a conviction for a new misdemeanor or felony offense.
5. Offenders who are serving or are to begin serving a sentence for any other felony offense that is not excluded from postrelease supervision by this subsection on the effective date of this subsection.

This provision was to be applied retroactively to any offender sentenced under the Kansas Sentencing Guidelines Act and the Kansas Department of Corrections was to discharge all eligible offenders from postrelease supervision by September 1, 2000.

K.S.A. 1999 Supp. 21-4611 (Probation duration) was amended to provide the recommended length of probation as follows:

Severity Levels	1	2	3	4	5	6	7	8	9	10
Nondrug	36	36	36	36	36	24	24	18	12	12
Drug	36	36	18	12	N/A	N/A	N/A	N/A	N/A	N/A

* Recommended probation length in months; amended terms in italics.

In addition, a public safety provision was added which provides the court with the discretion to impose a longer probation period, if it sets forth with particularity the reasons for finding that the safety of the public will be jeopardized or that the welfare of the inmate will not be served by the length of the probation terms as provided. Such an increase is not considered a departure nor is it subject to appeal.

This change in probation terms was to be applied retroactively and the deadline for all conversions or modifications to prior probation sentences was September 1, 2000.

K.S.A. 1999 Supp. 22-3717 (Parole or postrelease) was amended to provide the length of postrelease supervision as follows:

Severity Levels	1	2	3	4	5	6	7	8	9	10
Nondrug	36	36	36	36	24	24	12	12	12	12
Drug	36	36	24	12	N/A	N/A	N/A	N/A	N/A	N/A

* Mandatory postrelease supervision length in months; amended terms in italics.

These terms are mandatory unless the judge finds substantial and compelling reasons to impose a departure and states such on the record at the time of sentencing. The modified periods of postrelease supervision were eligible for the same good time reduction in supervision periods as set forth in the current statute.

This change in postrelease supervision terms was to be applied retroactively with conversions completed pursuant to the phase-in implementation schedule provided. All conversions were to be completed by January 1, 2001.

K.S.A. 1999 Supp. 75-5291 (Community correctional services) was amended to define the target offender population for Community Corrections programs. Adult offenders convicted of felony offenses

who met one of the following criteria were to be eligible for placement in Community Corrections:

- Offenders whose sentence fell within the designated border boxes on both the drug and nondrug sentencing grids;
- Offenders whose sentence fell within nondrug grid blocks 6-H, 6-I, 7-C, 7-D, 7-E, 7-F, 7- G, 7-H, or 7-I;
- Offenders whose severity level and criminal history classification designated a presumptive prison sentence but received a nonprison sentence as the result of a dispositional departure;
- Offenders who received a nonprison sentence and were convicted of a severity level 7 or higher sex offense as defined in K.S.A. 22-4902, regardless of the manner in which the sentence was imposed;
- Any offender who violated conditions of release, or assignment, or a presumptive nonprison sentence prior to revocation to a state correctional facility;
- Any offender determined to be high risk or needs, or both by the use of a statewide mandatory standardized risk assessment tool, or instrument validated for Community Corrections placement; (A validated risk assessment tool would be provided by the Kansas Department of Corrections); or
- Any offender who successfully completed an assignment to a conservation camp program.

Subsection (a)(3) was added to provide that juvenile offenders may be placed in Community Corrections programs if the local Community Corrections Advisory Board approves, however, grants from the Community Corrections Fund administered by the Kansas Secretary of Corrections shall not be used for this service.

Subsection (a)(4) was added to provide that the court may require an offender for whom a violation of a condition of release or assignment or a nonprison sanction has been established pursuant to K.S.A. 22-3716, to be placed directly in the custody of secretary of corrections without prior assignment to community correctional services program if the court finds and sets forth with particularity the reasons for finding the safety of the members of the public will be jeopardized or the welfare of the inmate will not be served by such assignment to community correctional services.

The provisions herein were not retroactive.

July 1, 2000

K.S.A. 1999 Supp. 21-4720(b) (Sentencing multiple convictions) was amended for situations where an offender was convicted and sentenced in a multiple conviction case, then the primary crime of conviction was reversed on appeal, but other convictions in the case are affirmed. In such a case the appellate court was to remand the case for resentencing and the sentencing court would assign a new primary crime, use the offender's full criminal history score for that primary crime and resentence the offender.

A new aggravating departure factor was created for both the nondrug grid (K.S.A. 21-4716) and the drug grid (K.S.A. 21-4717) for those cases where the defendant/offender was incarcerated during the commission of the offense.

July 1, 2001

K.S.A. 2000 Supp. 8-1567 (Driving under the influence) was amended to make fourth and subsequent DUI convictions subject to a sentence of from 90 days to 1 year in a county jail, with the jail portion of 72 hours being mandatory incarceration, the remainder of the 90 days eligible for a work release program. After serving this sentence, an offender would be placed in a treatment program under the custody of the Secretary of the Kansas Department of Corrections (KDOC). Upon completion of the treatment program, an offender would be placed in an after care program approved by the Kansas Parole

Board for a period of 12 months. An offender who violates the conditions of the aftercare program is treated as a condition violator and subject to imprisonment in a KDOC facility for up to 6 months.

The 5 year “decay” rule limiting an offender’s DUI convictions to only those which occurred within the past 5 years as counting for an offender’s first, second or third offense was deleted. *All prior DUI convictions are to be included and there was no provision for retroactivity.*

K.S.A. 21-4711 (Criminal history classification) was amended to include DUI convictions and diversion agreements from other states, and convictions under city ordinances and county resolutions as violations of the DUI statute for criminal history scoring under the Kansas Sentencing Guidelines Act.

May 2, 2002

K.S.A. 21-3419 (Criminal threat) was amended to modify the present severity level 9 nonperson felony offense to also include threats made to endanger the food supply. It also created the crime of endangering the food supply, which includes: a new class A nonperson misdemeanor offense; a new severity level 4 nonperson felony offense if the crime involves foot-and-mouth disease; a new severity level 3 nonperson felony offense if the crime is done with the intent to cause damage to plants or animals, or to cause economic harm or social unrest; and a new severity level 3 person felony offense if the crime is done with the intent to cause illness, injury, or death to a human being.

May 23, 2002

K.S.A. 40-5001 through 40-5016 created the Viatical Settlement Act of 2002. K.S.A. 40-5013 provides the penalties for violations of this act and provides differing crime categories depending on the amount involved.

Value of Viatical Settlement Contract	Severity Level	F / M	P / NP
\$25,000 or more.	7	F	NP
At least \$500 but less than \$25,000.	9	F	NP
Less than \$500.	A	M	NP
If value of insurance premium is less than \$500 and such agent or broker has two or more prior convictions for violating this section within five years immediately preceding commission of current crime.	9	F	NP

* Penalties for violations may include monetary penalties, suspension or revocation of license or certificate or an order to cease and desist from the unlawful act or practice and take affirmative action to carry out the purposes of the violated provisions.

K.S.A. 2001 Supp. 21-3718 (Arson) was amended to create a new severity level 7 person felony offense for “accidentally, by means of fire or explosive as a result of manufacturing or attempting to manufacture a controlled substance in violation of K.S.A. 65-4159, and amendments thereto, damaging any building or property which is a dwelling.” In addition, it created a new severity level 7 nonperson felony offense for “accidentally, by means of fire or explosive as a result of manufacturing or attempting to manufacture a controlled substance in violation of K.S.A. 65-4159, and amendments thereto, damaging any building or property which is not a dwelling.”

K.S.A. 21-3766 created the crime of tampering with a pipeline. Under this statute, tampering with a pipeline, including but not limited to, any intentional unauthorized adjustment, opening, removal, change or destruction of any part of any pipeline, is a severity level 6 nonperson felony.

K.S.A. 8-1567 (DUI) was amended to create the offense of driving under the influence of an

“inhalant.” In addition, “toxic vapors” was added to the definition of “drugs” under the DUI statute so that a DUI offense may be prosecuted for driving under the influence of toxic vapors.

K.S.A. 2001 Supp. 21-3520 (Unlawful sexual relations) was amended to expand the definition of unlawful sexual relations to include employees of a contractor that provides supervision services for persons on parole, conditional release, or post release supervision. This added an additional group of potential offenders to the severity level 10 person felony offense under this statute.

K.S.A. 2001 Supp. 21-3438 (Stalking) was amended in subsection (b) to provide that any person who violates this statute when there is a Protection from Stalking Order, a temporary restraining order, or an injunction is in effect against the same person, is guilty of a severity level 9 person felony offense. Subsection (c) was amended to provide that a second or subsequent conviction of a violation of this statute, within seven years of a prior conviction involving the same victim, is a severity level 8 person felony.

July 1, 2003

2003 Senate Bill 123

K.S.A. 21-4729 (Nonprison sanction, certified drug abuse treatment) was created by 2003 Senate Bill 123. The goal of certified drug abuse treatment is to provide community based punishment and the opportunity for treatment to nonviolent adult offenders with drug abuse problems in order to more effectively address the revolving door of drug addicts through the state prisons, which should be reserved for serious, violent offenders. Sentences under K.S.A. 21-4729 result in a drug severity level 4 conviction and require the offender to participate in a certified drug abuse treatment program under the supervision of community corrections. The sentencing court shall commit the offender to treatment until determined suitable for discharge by the court but the term of treatment shall not exceed 18 months.

K.S.A. 21-4729(a) provides the eligibility requirements for this nonprison sanction. Eligible offenders are a defined target population of nonviolent adult offenders convicted of K.S.A. 65-4160 or 65-4162 with no prior convictions of drug trafficking, drug manufacturing or drug possession with intent to sell. Placement in treatment can be mandatory or by court finding that the safety of the public will not be jeopardized by such placement.

A. **Mandatory placement** in a certified drug abuse treatment program is for adult offenders sentenced in the 4-E, 4-F, 4-G, 4-H, or 4-I (presumptive probation) blocks of the drug grid, with no prior conviction of:

- K.S.A. 65-4142 (the unlawful acts involving proceeds derived from violations of the uniform substances control act statute);
- K.S.A. 65-4159 (the unlawful manufacturing or attempting such of any controlled substance statute);
- K.S.A. 65-4161 (unlawful acts relating to sale or distribution of opiates, opium, narcotic drugs or designated stimulants statute);
- K.S.A. 65-4163 (the unlawful acts relating to sale or distribution of depressants, stimulants or hallucinogenic drugs or other substances statute);
- K.S.A. 65-4164 (the unlawful acts relating to certain narcotic drugs statute); or
- Any similar offenses from another jurisdiction.

B. **Certified drug abuse treatment with court finding** is for adult offenders sentenced in the 4-A, 4-B, 4-C, or 4-D (presumptive prison) blocks of the drug grid, with no prior conviction of:

- K.S.A. 65-4142 (the unlawful acts involving proceeds derived from violations of the uniform substances control act statute);
- K.S.A. 65-4159 (the unlawful manufacturing or attempting such of any controlled substance statute);
- K.S.A. 65-4161 (unlawful acts relating to sale or distribution of opiates, opium, narcotic drugs or designated stimulants statute);
- K.S.A. 65-4163 (the unlawful acts relating to sale or distribution of depressants, stimulants or hallucinogenic drugs or other substances statute);
- K.S.A. 65-4164 (the unlawful acts relating to certain narcotic drugs statute); or
- Any similar offenses from another jurisdiction; and
- If such person felonies committed by the offender were severity level 8, 9 or 10 or nongrid offenses and the sentencing court finds and sets forth with particularity, the reasons for finding that the safety of the members of the public will not be jeopardized by placement of the offender in a certified drug abuse treatment program..

C. Offenders with prior convictions for drug possession are eligible.

To coincide with subsection (b), K.S.A. 2002 Supp. 21-4714 was amended to require that, as part of the presentence investigation, all offenders who meet the requirements of K.S.A. 21-4729 (2003 Senate Bill 123) shall be subject to a drug abuse assessment to assess the offender's risk of re-offending and the level of their substance abuse problem. The drug abuse assessment shall include a statewide, mandatory, standardized risk assessment tool and an instrument validated for drug abuse treatment program placements and shall include a clinical interview with a mental health professional.

Subsection (f) provides for offender accountability. Offenders shall be discharged from treatment if the offender is convicted of a new felony other than a conviction of K.S.A. 65-4160 or 65-4162 or the offender has a pattern of intentional conduct demonstrating the offender's refusal to comply with or to participate in the treatment program, as established by a judicial finding. An offender whose probation is revoked shall be subject to the revocation provisions of K.S.A. 21-4603d(n).

K.S.A. 21-4603d(n) provides that if the offender fails to participate in or has a pattern of intentional conduct that demonstrates refusal to comply with or participate in the treatment program as established by judicial finding, the offender shall be subject to revocation of probation and shall serve the underlying prison sentence as established in K.S.A. 21-4705. Offenders who are revoked from certified treatment violate conditions of probation, i.e. the certified drug abuse treatment program, and thus may be subject to additional nonprison sanctions pursuant to K.S.A. 22-3716(f). Such nonprison sanctions include but are not limited to: up to 60 days in a county jail, fines, community service, intensified treatment, house arrest and electronic monitoring.

K.S.A. 75-52,144 was created to provide the certified drug abuse treatment program requirements. Certified drug abuse treatment programs are required to provide one or more treatment options in the continuum of services needed to reach recovery. Certified drug abuse treatment programs include a full cognitive based curriculum in addition to or as part of treatment and may include community based or faith based programs. The state-wide comprehensive drug treatment delivery system includes a continuum of services that allows the offender to move up or down the continuum as the recovery process requires. Regardless of the level of substance abuse treatment assessed, all treatment plans will include an aftercare component.

It may be necessary for residential placements to be outside of an offender's local community especially in rural areas, given the current limited number of facilities available and their geographic locations.

Treatment providers are required to obtain Kansas Department of Corrections (KDOC) certification in addition to any other state licensing or certification required to provide drug and alcohol abuse treatment. KDOC counselor certification is based on case management, cognitive behavior tool skills acquisition and facilitation ability.

Noted sentencing policy changes - Mandatory drug abuse treatment in lieu of incarceration resulted in several changes in sentencing practices for offenders convicted of drug possession. These changes focus on various levels of treatment options, establishment of certain and immediate sanctions for continued drug usage, and a comprehensive continuum of sanctions that include offender accountability, while ensuring public safety. Since this is a post conviction sentencing policy, all convictions under K.S.A. 21-4729 (2003 Senate Bill 123) result in a felony conviction. Current sentencing practices and procedures are:

- All “pure” felony drug possession convictions are sentenced on severity level 4 of the drug grid.
- Adult offenders with current possession convictions, criminal history 4-E to 4-I (presumptive probation blocks) of the drug grid, with no prior convictions of drug trafficking, drug manufacture or drug possession with intent to sell receive mandatory certified drug abuse treatment. K.S.A. 2003 Supp. 21-4729(a)(1).
- Adult offenders with current possession convictions, criminal history 4-A to 4-D (presumptive prison blocks) of the drug grid, with no prior convictions of drug trafficking, drug manufacture or drug possession with intent to sell are eligible for certified drug abuse treatment if the court finds that the placement of these offenders in a certified drug abuse treatment program will not jeopardize public safety. The prior person felony convictions can only be severity level 8, 9, or 10 or nongrid offenses. K.S.A. 2003 Supp. 21-4729(a)(2).
- An offender with a third or subsequent drug possession conviction who has previously completed at least one prior 18 month certified drug abuse treatment program or has been discharged from or refused to participate in such program shall be sentenced to a presumptive term of imprisonment as provided in the guidelines. K.S.A. 2003 Supp. 21-4705(f).
- Mandatory participation in a certified drug abuse treatment program for offenders sentenced under K.S.A. 21- 4729 (2003 Senate Bill 123) is for a term of up to 18 months. K.S.A. 2003 Supp. 21-4729(c).
- Upon successful completion of a certified drug abuse treatment program, the offender will be discharged and not subject to a period of postrelease supervision. K.S.A. 21-4603d(n).
- K.S.A. 21-4729 (2003 Senate Bill 123) applies to offender with offenses committed on or after November 1, 2003, and is not applied retroactively. K.S.A. 21-4729(a).

A defendant sentenced to an optional nonprison sentence under this subsection shall be supervised by community correctional services. The provisions of subsection (f)(1) of K.S.A. 21-4729 (2003 Senate Bill 123) shall apply.

Theft with any combination of three or more convictions for theft, burglary or aggravated burglary, or burglary with any combination of two or more convictions for theft, burglary or aggravated burglary: Presumptive Imprisonment with possible court recommendation to participate in KDOC intensive 4 month substance abuse treatment program.

The sentence for a felony theft when such offender has any combination of three or more prior felony convictions for theft, burglary or aggravated burglary, or the sentence for felony burglary when such offender has any combination of two or more prior convictions for theft, burglary and aggravated burglary shall be presumed imprisonment and the defendant shall be sentenced to prison, except that the court may recommend that such defendant be placed in the custody of the secretary of corrections, in a facility designated by the secretary to participate in an intensive substance abuse treatment program, if the court finds on the record that substance abuse was an underlying factor in the commission of the crime(s); substance abuse treatment in the community is likely to be more effective than a prison term in reducing the risk of offender recidivism; and participation in an intensive substance abuse treatment program with the possibility of an early release from imprisonment will serve community safety interests by promoting offender reformation.

This intensive substance abuse treatment program shall be determined by the secretary of corrections, but shall be for a period of at least four months. Upon successful completion of such intensive treatment program, the offender shall be returned to the court and the court may modify the sentence by directing that a less severe penalty be imposed. If the offender's term of imprisonment expires, the offender shall be placed under the applicable period of postrelease supervision. This sentence shall not be considered a departure and shall not be subject to appeal.

Section 5. Amending K.S.A. 21-4705(f)(1),(2)

Third or subsequent conviction of K.S.A. 65-4160 or 65-4162:

Presumptive Imprisonment with intensive substance abuse treatment; exceptions

The sentence for a third or subsequent felony conviction of K.S.A. 65-4160 or 65-4162, and amendments thereto, shall be a presumptive term of imprisonment and the defendant shall be sentenced to prison. Such term of imprisonment shall be served in a facility designated by the secretary of corrections to participate in an intensive substance abuse treatment program. The intensive substance abuse treatment program shall be determined by the secretary of corrections, but shall be for a period of at least four months. Upon successful completion of such intensive treatment program, the offender shall be returned to the court and the court may modify the sentence by directing that a less severe penalty be imposed. If the offender's terms of imprisonment expires, the offender shall be placed under the applicable period of postrelease supervision.

If the defendant has previously completed a certified drug abuse treatment program, has been discharged or refused to participate in a certified drug abuse treatment program, has completed an intensive substance abuse treatment program or has been discharged or refused to participate in an intensive substance abuse treatment program, such defendant's term of imprisonment shall not be subject to modification.

Section 6. Amending K.S.A. 21-4714(b)(10)

Pre-sentence investigation reports (PSIs) for a third or subsequent felony conviction of drug possession shall include substance abuse assessment as provided in K.S.A. 21-4729.

Section 7. Amending K.S.A. 21-4719(a)

Provides that no downward dispositional departure shall be imposed for any crime of extreme sexual

violence; further provides that the sentencing judge shall not impose a downward durational departure for a crime of extreme sexual violence to less than 50% of the center of the range of the sentence for such crime.

Section 8. Amending K.S.A. 22-3716 (a)

Provides that any court service officer or community correctional services officer may deputize any other officer with power of arrest to do so by giving the officer a verbal statement setting forth that the defendant has, in the judgment of the court services officer or community correctional services officer, violated the conditions of the defendant's release or a nonprison sanction.

Section 9. Amending K.S.A. 2007 Supp. 74-9501(9)(A)

Establishes the Substance Abuse Policy Board, and extends the sunset provisions for the Sex Offender Policy Board to June 30, 2011.

Section 10. Amending K.S.A. 2007 Supp. 75-5210(b)

Provides that inmates sentenced to a state facility designated by the secretary to participate in an intensive substance abuse treatment program, shall have a presumption of minimum security status. These presumptions of minimum security status shall be applied to the initial security custody upon readmission into a correctional facility or admission into a state facility to participate in an intensive substance abuse treatment program, unless the security custody status is increased pursuant to policies adopted by the secretary. The security custody status designed by the department shall not be subject to judicial review.

Section 11. Amending K.S.A. 2007 Supp. 75-5217(a)

Provides any parole officer may deputize others by a verbal statement to assist in the arrest of a released inmate who has violated the conditions of release.

Section 12. Amending K.S.A. 2007 Supp. 75-5220(e)

Provides that any offender sentenced to a facility designated by the secretary of corrections to participate in an intensive substance abuse treatment program shall not be transferred to the state reception and diagnostic center but directly to such facility, unless otherwise directed by the secretary. The secretary may transfer the housing and confinement of any offender sentenced to a facility to participate in an intensive substance abuse treatment program to any institution or facility to K.S.A. 75-5206 and amendments thereto.

The act shall take effect and be in force from and after its publication in the statute book.

July 1, 2009

2009 House Bill 2236, as amended, moves the drug crimes from Chapter 65 (Public Health) to Chapter 21 (Crimes and Punishments) of the *Kansas Statutes Annotated*. In addition, the drug crimes are reorganized to group the crimes into the following categories: manufacture, distribution, possession, and paraphernalia.

House Bill 2236, Sections 1-17 provides:

- A section for definition of terms;
- A declaration that the version of the law that controls would depend on the date the crime was committed;
- Manufacture of a controlled substance or controlled substance analog is a drug severity level 1 felony and provides for the sentence for such crime;
- The defendant is responsible for the cost and expenses of seizure, disposition and decontamination of a manufacturing site;
- Distribution of a controlled substance or controlled substance analog is a drug crime ranging from a class A nonperson misdemeanor to a drug severity level 1 felony, depending on the violation;
- Possession of a controlled substance or substance analog is a class A nonperson misdemeanor or a drug severity 4 felony, depending on the violation;
- For a separate crime for the use of any communication facility to commit, cause, or facilitate a crime of manufacture, distribution, or possession of a controlled substance or controlled substance analog;
- For the crime of unlawfully obtaining and distributing a prescription drug;
- For the crime of possession of precursor chemicals with the intent to use the chemicals to manufacture a controlled substance and for the crime of possession of drug paraphernalia;
- For the crime of advertise, market, label, distribute or possess with the intent to distribute precursor chemicals or drug paraphernalia;
- Factors to consider in determining whether an object is drug paraphernalia;
- For the crime of unlawful abuse of toxic vapors;
- For the crime of distribution, possession with the intent to distribute, or manufacture with the intent to distribute any simulated controlled substance;
- For the crime of unlawfully distributing or possessing with the intent to distribute any substance which is not a controlled substance, i.e., purporting to distribute cocaine but distribute flour instead;
- The prosecuting attorney is required to notify the Board of Pharmacy of the initiation of a drug prosecution for a controlled substance analog so that the Board may collect the data to recommend to the Legislature whether the controlled substance analog should or should not be scheduled;
- For the crime regarding the proceeds derived from a violation of any of the previously described sections; and
- Uniformity.

House Bill 2236, Sections 18-63

House Bill 2236 moves the drug crimes from Chapter 65 to Chapter 21 of the *Kansas Statutes Annotated*. Chapter 65 references are the new section or sections within the bill.

April 15, 2010

2010 House Bill 2661, corrects inadvertent errors made in the recodification of the drug code in 2009 House Bill 2336. The bill:

- Adds a specific reference to subsection (b)(3) of K.S.A. 21-36a06 (possession of marijuana) regarding the law providing municipal court jurisdiction, or concurrent jurisdiction, to hear and determine cases;

- Adds the age 18 of the offender requirement back into the law regarding the crime of distribution of a controlled substance or controlled substance analog;
- Adds language to cover Schedule V controlled substances regarding the crime of possession of a controlled substance or controlled substance analog;
- Conforms the penalty provision regarding prescription-only drug violations;
- Uses terms defined in the recodified drug code and adds the age 18 of the offender requirement back into the law regarding precursor offenses;
- Adds references to the Uniform Controlled Substances Act provisions repealed in recodification and makes clear the old law violations and new law violations are treated the same; and
- Clarifies that only those individuals convicted of K.S.A. 21-36a05(a)(1) are required to register under the Kansas Offender Registration Act and makes the provision retroactive to remove the registration requirement for anyone convicted under the other subsections of K.S.A. 21-36a05.

July 1, 2011

2010 House Bill 2668 recodifies the Kansas Criminal Code in order to do the following:

- Revise the statutory language to add clarity;
- Reorganize the statutes to place them in a more user-friendly order;
- Reorder statutes to reduce their number; and
- Repeal statutory language no longer in use.

2012

1) **The Drug Grid is amended and expanded to five levels.**

The most substantial change in criminal law and procedure for the legislative session was Senate Substitute for Substitute House Bill 2318. The bill amends several statutes concerning the criminal code and drug crimes. A few of the highlights are outlined below:

The bill adopts a new drug sentencing grid with five levels, adding a new level 2 with penalties falling between the previous first and second levels of the drug grid. The grid also expands the presumptive imprisonment boxes to include levels 4-C and 4-D (formerly levels 3-C and 3-D), making the presumed sentence for certain offenders convicted of level 4 crimes imprisonment, and expands the border boxes to include levels 5-C and 5-D (formerly levels 4-C and 4-D), allowing courts to impose an optional non-prison sentence for certain offenders convicted of level 5 offenses.

Rather than enhancing severity levels of offenses based upon the number of convictions, the bill imposes new felony classifications on the drug grid based on quantity for the crimes of distribution or possession with the intent to distribute the drugs listed in K.S.A. 21-5705(a), including lisdexamfetamine, a schedule II substance. Exceptions to these penalties include different quantities for convictions involving, most notably, marijuana, heroin and methamphetamine. Violations occurring within 1,000 feet of any school property increase the severity level by one level.

Cultivation of a controlled substance listed in subsection K.S.A. 21-5705(a) has the following felony classifications on the drug grid based on the number of plants cultivated:

1. More than 4, but fewer than 50, severity level 3;
2. At least 50, but fewer than 100, severity level 2; or
3. 100 or more, severity level 1.

In addition, the bill deletes the packaging or repackaging of a substance or labeling or relabeling its container from the definition of "manufacture," and clarifies that it does not include the addition of dilutants or adulterants. It also amends the definition of "drug paraphernalia" to clarify that it does not include certain drug precursors.

Next, it amends as follows the severity levels for a violation of K.S.A. 21-5703, manufacture or attempted manufacture of a controlled substance or controlled substance analog:

1. Changes a violation from a drug severity level 1 felony to a drug severity level 2 felony for a first conviction; a second or subsequent conviction for manufacture would be a drug severity level 1 felony; and
2. Specifies that manufacture of methamphetamine would remain a drug severity level 1 felony.

The sentencing criteria for 2003 Senate Bill 123 offenders is also modified by the bill. Only offenders assigned a high risk status as determined by a drug abuse assessment, and a moderate or high risk status, as determined by the criminal risk-need assessment will be committed to the SB 123 drug-abuse treatment program. Offenders so committed will still be supervised by community correctional services. If offenders are found to be ineligible based on the result of the criminal risk assessment, they will be supervised either by community correctional services or court services. A second chance provision has now been inserted in the SB 123 statute, allowing the court to order an offender who does not meet the drug risk assessment level requirements to undergo an additional drug risk assessment while the offender is on probation and to undergo drug abuse treatment if the offender is determined to meet the risk assessment level requirement. The offender will pay the costs of that assessment.

2) The DUI Test Refusal bill is enacted.

House Substitute for Senate Bill 60 serves as a follow-up to 2011 House Substitute for Senate Bill 6, which includes extensive revisions to the Kansas DUI law. Some of these changes, including DUI test refusal, are as follows:

The crime of refusing to submit to a test to determine the presence of alcohol or drugs is created. Under this section, it is unlawful to refuse to submit to or complete such a test if a person has a prior test refusal or a prior conviction for DUI or commercial DUI, any of which occurred (1) on or after July 1, 2001, and (2) when such person was at least 18 years of age. Thus, a first-time test refusal does not constitute criminal conduct unless a person has a previous DUI or commercial DUI conviction as specified in the section. The penalties for a first conviction of test refusal are the same as the penalties for a second DUI, the penalties for a second test refusal conviction are the same as the penalties for a third DUI, and the penalties for a third or subsequent test refusal conviction are the same as the penalties for a fourth or subsequent DUI conviction. The evaluation and procedural requirements for this crime are the same as those for DUI, as amended by this bill. The implied consent statute is amended to include information regarding the test refusal crime in the oral and written notice given to persons subject to testing. Specific reference is made in determining the number of convictions under the new law, which includes many offenses that are DUI-related offenses.

Similarly, SB 60 amends the DUI and commercial DUI statutes to incorporate comparable provisions requiring the consideration of convictions of related crimes, including the new crime of test refusal, in determining the number of the current conviction. However, the provisions in the DUI and commercial DUI statutes would not exclude convictions before the age of 18.

K.S.A. 8-1008, regarding alcohol and drug evaluations, is amended to establish a minimum fee of \$150 for the required alcohol and drug evaluation. Evaluation providers would be required to agree to evaluate indigent defendants at no up-front cost and have the evaluation fee be assessed to the defendant as part of the judgment. The implementation of a provision requiring the use of a standardized substance use evaluation approved by the Secretary of Social and Rehabilitation Services would be delayed until July 1, 2013. This statute, as well as the test refusal, DUI, and commercial DUI sections, are amended so that evaluations pursuant to this section would not be required for third and subsequent refusal or commercial DUI convictions or for third or fourth and subsequent DUI convictions.

K.S.A. 8-1014, governing the administrative penalties for test refusal or failure for an alcohol or drug-related conviction, is amended to add an additional year of interlock restriction for a test refusal.

3) The Kansas Offender Registration Act (KORA) is procedurally amended.

House Bill 2568 makes several changes to KORA. A few of these include:

Registration of offenders now takes place at the time of **conviction** rather than at sentencing. K.S.A. 2011 Supp. 22-4904 provides that courts are required to register offenders at conviction or **adjudication** (added this year), rather than sentencing or disposition, and clarifies the other responsibilities of the court with respect to offender registration at that time, including additional requirements if the offender is released. The court must ensure the age of the victim is documented in the journal entry at the time of sentencing, rather than at conviction, as there is no journal entry at the time of conviction.

HB 2568 also amends K.S.A. 2011 Supp. 22-4906 and the 15-year registration requirement for some crimes by removing the requirement under sexual battery that one of the parties be less than 18 years of age and adding convictions of any person required by court order to register for an offense not otherwise required by KORA. Similarly, the lifetime registration requirement for the crime of aggravated human trafficking is amended by removing the requirement that the victim be less than 18 years of age.

K.S.A. 2011 Supp. 22-4909(c) prohibits internet websites sponsored or created by a registering law enforcement agency or the Kansas Bureau of Investigation (KBI) to contain the address of any place where an offender is an employee or any other information about where the offender works.

4) Lifetime electronic monitoring for certain sex offenses is made mandatory upon release from prison.

House Bill 2465 adds a new provision to K.S.A. 2011 Supp. 21-6604. Subsection (r) requires, in addition to any other penalty or disposition imposed by law for a person sentenced to imprisonment for certain sex offenses as defined in K.S.A. 2011 Supp. 21-6627 for crimes committed on or after July 1, 2006, that the court shall order that a defendant be electronically monitored upon release from imprisonment for the defendant's lifetime and that the defendant shall reimburse the state for all or part of the cost of such monitoring as determined by the Prisoner Review Board.

2013

1) **HB 2170 makes comprehensive changes to probation and postrelease supervision procedure**

House Bill 2170 addresses numerous aspects regarding probation, including:

A) Graduated Sanctions – Criminal justice research has shown that providing a tier of increasingly severe penalties for successive probation violations is more effective in penalizing violations while reducing the number of probation revocations. Offenders who commit technical violations will be subjected to ‘quick dip’ sanctions, which consist of 2-3 days in local jail, upon their first violation. Upon a second violation, the offender can be subject to either the quick dip sanction, or a sanction of up to 120 or 180 days in prison. Upon a third violation, the offender may be subject to one of the aforementioned sanctions or the full revocation of their probation, requiring them to serve their full underlying prison sentence. Violators who abscond from probation or commit a new crime while on probation may be fully revoked at any time. In addition, the court may revoke the probation of a violator whose well-being will not be served by a graduated sanction or who poses a public safety risk.

B) Supervising Officer Quick Dip Authority – Research shows that providing swift and certain sanctions against probationers who commit technical violations is more effective in curbing undesirable probationer behavior than allowing technical violations to build up over time, potentially ultimately resulting in probation revocation a later date. House Bill 2170 provides a new tool to ensure that violations are dealt with quickly and appropriately soon after they occur. The court services officer or community corrections officer in charge of probation supervision is granted the ability, with approval of their supervisor, to authorize a 2-3 day quick dip in local jail when an offender commits a technical violation and waives their right to a violation hearing before the court. At sentencing, the court may choose to withhold the supervising officer’s authority to authorize the quick dip sanction.

C) Presumptive Discharge from Probation – Research has shown that low risk probationers who comply with the terms of their probation are less likely to recidivate, and therefore supervision resources may be directed towards higher risk probationers. In order to allow this, House Bill 2170 creates a presumption of discharge for all probationers who score low risk on a criminal risk-need assessment, have paid all restitution and have complied with the terms of their probation for a period of 12 months. Unless the prosecutor or court objects, the offender may be discharged from probation by the court upon meeting the aforementioned requirements. However, an offender who is released by presumptive discharge and commits another felony during the time in which they would have been on probation may be subject to imprisonment for such crime, even if it the new crime has a presumptive nonprison sentence. See Special Sentencing Rule #40.

House Bill 2170 also makes substantial changes regarding postrelease supervision:

A) Every Offender whose Probation is Revoked Must Serve Postrelease – Research shows that offenders who are released directly from prison without any continuing supervision may be more likely to recidivate. In addition, some probationers may have been incentivized to have their probation revoked in order to serve a short prison sentence and then be relieved of their ongoing supervision. In order to remedy this, House Bill 2170 requires all offenders, including SB 123 drug treatment participants, who commit their crime on or after July 1, 2013 to serve a period of postrelease supervision if they are revoked from probation or complete their underlying prison sentence while serving a 120 or 180-day

prison sanction.

B) Good Time and Program Credits are Not Added to Period of Postrelease Supervision – Prior to July 1, 2013, offenders who earned credit against the length of their prison sentence had this credit added to the length of their period of postrelease supervision. House Bill 2170 removes this additional postrelease supervision time for all offenders other than certain sex offenders.

C) The Prisoner Review Board May Grant Early Discharge – The Prisoner Review Board may, in its discretion, provide early discharge from postrelease supervision for offenders who have paid all restitution and met any other criteria required by the Board.

In addition, House Bill 2170 authorizes the Kansas Sentencing Commission to:

- A) Study the impact of supervision of felony offenders and the impact on recidivism
- B) Make statewide supervision placement decisions based on the criminogenic risk-need of the offender.

2) HB 2034 addresses human trafficking and amends provisions related to certain sex crimes

House Bill 2034 designates the Human Trafficking Advisory Board to study issues relating to sexual exploitation and trafficking of adults and minors in Kansas. The board shall be funded by newly-imposed fines of \$2500 to \$5000 for certain crimes involving sexual relations or human trafficking.

The bill creates new procedures to protect and assist victims of human trafficking or commercial sexual exploitation, including placing the child in protective custody and delivery to a staff secure facility.

HB 2034 also creates the crime of ‘commercial sexual exploitation of a child’, which is an off-grid offense when the offender is 18 or older and the victim is under the age of 14. In addition, the bill replaces the crime of ‘prostitution’ with ‘selling sexual relations’, replaces the crime of ‘promoting prostitution’ with ‘promoting the sale of sexual relations’, and replaces the crime of ‘patronizing a prostitute’ with ‘buying sexual relations’ and changes the penalties for these respective crimes.

3) Kansas RICO Act provides prosecutors new tools to combat criminal street gang crime

Senate Bill 16 targets criminal street gangs and other criminal organizations engaged in human trafficking or controlled substance manufacture, cultivation or distribution. It provides prosecutors with expanded subpoena power to investigate such criminal activities and the ability to petition the court for a non-disclosure order for a period of up to 90 days.

Violation of the Kansas RICO act is a severity level 2, person felony. The court may impose a fine of up to three times the gross value gained or three times the gross loss caused, whichever is greater, if the defendant gained pecuniary value or caused personal injury, property damage, or other loss. Violation of the act is also grounds for forfeiture of all instrumentalities and proceeds of the crime.

4) Statute of limitations for rape and sexually violent crimes is extended

House Bill 2252 extends the length of the statute of limitations for bringing prosecutions for aggravated criminal sodomy and rape. Prosecutions for these crimes may now be brought at any time.

The bill also provides that prosecutions for sexually violent crimes may be brought within 10 years if

the victim is 18 years of age or older, or within 10 years of the victim's 18th birthday if such victim is under 18 at the time of the offense. A prosecution for a sexually violent crime may also be brought within 1 year of DNA testing conclusively identifying the suspect, whichever is later.

The bill will extend the length of the statute of limitations for all of the aforementioned crimes whose statute of limitations had not expired by the effective date of the bill, July 1, 2013.

5) Legislature enacts expansive firearms legislation

The legislature enacted several bills dealing with the possession and registration of firearms:

- House Bill 2052, which amended the Personal and Family Protection Act and, most notably, expanded concealed carry in certain buildings and government facilities.
- House Bill 2278 carves out a specific penalty for theft, criminal deprivation of property, and burglary, when the item in question is a firearm.
- Senate Bill 21 makes changes concerning concealed carry licenses and firearm possession by convicted felons who have had their felony conviction expunged.
- Senate Bill 102, also known as the Second Amendment Protection Act, excludes firearms, ammunition and accessories made and owned in Kansas from federal regulation. It also makes it a crime to enforce federal regulations on such firearms, accessories and ammunition, and provides the Attorney General authority to seek injunctive relief to enjoin federal officials from doing so.

6) Special Session September, 2013 - Legislature amends provisions for imposition of certain mandatory minimum sentences

2013 House Bill 2002, which was passed by the legislature during a special session in September 2013, addresses the United States Supreme Court decision in *Alleyne v. U.S.*, which held that factors which increase a mandatory minimum sentence must be found, beyond a reasonable doubt, by a jury. Prior to the passage of 2013 House Bill 2002, the Kansas procedure allowed the court, not the jury, to make such findings. HB 2002 provides offenders, who were convicted of premeditated first degree murder and sentenced to a mandatory minimum sentence of 40 or 50 years by the court prior to the passage of 2013 House Bill 2002, a procedure to appeal such sentence, and the jury, not the court, shall be the finder of fact on the issue of the increased mandatory minimum.

2014

In the 2014 Legislative Session, the Legislature enacted several significant statutory changes affecting the general practice of criminal law and those specifically affecting sentencing law and procedure. We highlight the following:

1) Senate Substitute for HB 2480 followed up on the graduated probation violation sanctions provided in 2013 HB 2170

Senate Substitute for House Bill 2448 (hereafter referred to as HB 2448) contains numerous amendments to 2013 House Bill 2170, which created the graduated sanction scheme for the disposition of probation violators.

HB 2448 does not change the fundamental structure of this graduated sanction scheme, but rather seeks to clarify some areas of confusion or conflict with other provisions of law. The most substantial changes are as follows:

1) “Quick dips” provisions clarified

- a. The quick dip language in HB 2170 proved to be a source of confusion, so HB 2448 seeks to clarify several items:
 - i. Quick dips may be imposed in consecutive 2 or 3-day periods only.
 - ii. The total of all quick dips imposed by both the court and all supervising officers may not exceed a total of 18 days during the offender’s term of probation.

2) Quick dips may be imposed upon an offender on probation for a misdemeanor or nongrid felony (ie. DUI, breath test refusal, domestic battery)

- a. The court or supervising officer may impose a 2 or 3-day quick dip sanction upon an offender convicted of a misdemeanor or a nongrid felony. *See K.S.A. 2014 Supp. 22-3716(b)(3)(B)(ii).*

3) Court may impose up to 60 days in county jail, but not in addition to another graduated sanction

- a. HB 2448 moved the language authorizing the court to impose confinement for up to 60 days in county jail from K.S.A. 2014 Supp. 21-6604(a)(3) to 22-3716(c)(11). The court had and will continue to have the authority to impose confinement in a county jail for up to 60 days upon finding the offender has violated the conditions of probation. However, the new language in K.S.A. 2014 Supp. 22-3716(c)(11) clarifies that this period of confinement is separate from the other graduated sanctions (ie quick dips, 120/180-day prison sanctions) and may not be imposed at the same time as these other sanctions.

4) Prior jail credit may not be applied to decrease length of 120/180-day prison sanctions

- a. HB 2448 amended K.S.A. 2014 Supp. 22-3716(c)(1)(C) and (c)(1)(D) to provide that the 120 or 180-day sanction shall begin upon pronouncement by the court. Prior incarceration time, such as the time an offender spends awaiting a probation violation hearing, shall not be counted towards service on the prison sanction. However, time spent in county jail awaiting transport to a DOC facility after imposition of the sanction may be counted.

5) Presumptive Discharge provision in K.S.A. 2014 Supp. 21-6608(d) has been modified

- a. K.S.A. 2014 Supp. 21-6608 provided that an offender may be discharged from probation if they are low risk, have paid all restitution and are found to have been compliant with the terms of their probation for 12 consecutive months. Under HB 2170, the offender would be discharged unless the court found substantial and compelling reasons to deny the discharge of the offender, but HB 2448 changes this

standard of review from “substantial and compelling reasons for denial” to “clear and convincing evidence that denial of discharge will serve community safety interests.”

6) Nongrid felony offenders are not subject to 120/180-day prison sanctions

- a. HB 2448 amended K.S.A. 2014 Supp. 22-3716(b)(3)(A) and (b)(3)(B) to clarify that an offender convicted of a nongrid felony is not eligible to serve a prison sanction pursuant to 22-3716(c)(1)(C) or (c)(1)(D).

7) Concurrent probation terms require concurrent sanctions

- a. HB 2448 seeks to clarify in K.S.A. 2014 Supp. 22-3716(c)(10) that an offender serving multiple probation periods concurrently is not eligible for multiple consecutive violation sanctions.
- b. For example, an offender serving two separate concurrent probation periods who commits a second or subsequent probation violation may not receive multiple consecutive prison sanctions. Rather, the court may impose a single prison sanction of either 120 or 180 days on each case, to be served concurrently.

8) Graduated Sanctions apply to all probationers, regardless of their date of conviction

- a. HB 2448 adds additional language in K.S.A. 2014 Supp. 22-3716(c)(12) to clarify that the graduated sanction provisions shall apply to any probation violator, regardless of the date on which they committed their original crime of conviction.

2) New legislation aims to protect elder persons from financial and physical abuse

Senate Bill 256 creates the new crime of Mistreatment of an Elder Person, which is defined as 1) taking the personal property or financial resources of an elder person by taking control, title use or management of an elder person’s property or resources, or 2) omission or deprivation of treatment, goods or services that are necessary to maintain physical or mental health of such elder person. The new crime, located in K.S.A. 2014 Supp. 21-5417(b) mirrors the existing crime of Mistreatment of a Dependent adult, K.S.A. 2014 Supp. 21-5417(a). “Elder person” is defined as any person 70 years of age or older.

House Bill 2433 amends the Kansas Uniform Securities Act by providing for a penalty enhancement for violation of the Act when the victim of such violation is an elder person. K.S.A. 2014 Supp. 17-12a508(a)(6) states that a conviction for an intentional violation of the Act shall be elevated by one severity level when the victim is an elder person.

3) Legislature expands the range of penalties for Medicaid Fraud

Senate Bill 271 expands the range of penalties for violations of the crime of Medicaid Fraud, K.S.A. 2014 Supp. 21-5927. The amended statute penalizes each individual count of Medicaid Fraud, and provides a corresponding penalty based upon the aggregate amount of payments illegally claimed. Penalties for a violation range up to a severity level 3 for illegally claimed payments totaling \$250,000 or more. In addition, the legislature added new provisions which penalize Medicaid Fraud resulting in great

bodily harm as a severity level 4, person felony, and Medicaid Fraud resulting in death as a severity level 1, person felony.

4) Legislature enacts new provisions relating to firearms and weapons

House Bill 2578 makes numerous amendments pertaining to the possession and disposition of firearms and weapons. In particular, the bill amends the crime of Criminal Possession of a Firearm by a Convicted Felon, K.S.A. 2014 Supp. 21-6304, to Criminal Possession of a Weapon by a Convicted Felon, reflecting a change in the statute which prohibits a convicted felon from possessing either a firearm or a knife, including any dangerous or deadly cutting instruments.

The bill also amends the Crime of Criminal Use of Weapons, K.S.A. 2014 Supp. 21-6301, by making it unlawful to possess a dangerous knife or similar cutting instrument with the intent to use such weapon unlawfully against another.

In addition, HB 2578 repeals K.S.A. 2014 Supp. 75-7c12 and enacts the new crime of Possession of a Firearm Under the Influence, K.S.A. 2014 Supp. 21-6332, a class A misdemeanor. Possession of a Firearm Under the Influence is defined as knowingly possessing or carrying a loaded firearm on or about such person, or within such person's immediate access or control while in a vehicle, while under the influence of alcohol or drugs to such a degree as to render such person incapable of safely operating a firearm.

5) Court authorized to order military veterans with mental illness to seek VA treatment

Senate Substitute for HB 2655 allows any veteran of the United States Armed Forces who is convicted of a criminal offense to assert that they committed such offense as a result of mental illness. The court shall hold a fact-finding hearing prior to sentencing to determine whether the veteran meets the criteria established in the bill, and if so, the court may order the veteran to undergo mental health treatment as a condition of probation. The bill also allows veterans in the SB 123 program to undergo substance abuse treatment at a VA facility. Please see K.S.A. 2014 Supp. 21-6630.

2015

In the 2015 Legislative Session, the Legislature enacted several significant statutory changes affecting the general practice of criminal law and those specifically affecting sentencing law and procedure. We highlight the following:

1) Senate Bill 34 increases voter crimes penalties and creates new independent authority in the office of the Kansas Secretary of State to prosecute election crimes

Regarding election crimes and prosecution of those crimes, the bill does the following:

- Creates a separate crime of voting more than once, which currently is incorporated in the crime of voting without being qualified;
- Creates new law that gives the following officials independent authority to prosecute any person

for a Kansas election crime: the district attorney or county attorney of the county where such violations occurred, the Kansas Attorney General, and the Kansas Secretary of State. Once one of the listed officers has commenced prosecution of a person for an election crime, the other officers may assist in the prosecution but may not commence a separate prosecution;

- Increases election criminal penalties for:
 - Prohibiting or requiring certain actions with regard to advance voting from a class C misdemeanor to a severity level 9, nonperson felony;
 - Voting or attempting to vote in any election district when not a lawfully registered voter in that district, or voting or attempting to vote at any election by a person who is not a U.S. citizen, or who does not otherwise qualify as an elector from a class A misdemeanor to a severity level 7, nonperson felony. The general criminal attempt statute does apply to the crime;
 - Election tampering from a severity level 8 to a severity level 7, nonperson felony; and
 - False impersonation of a voter from a severity level 9 to a severity level 8, nonperson felony.

2) Senate Bill 45 expands concealed carry gun laws

SB 45 amends laws concerning the concealed carry of firearms in the state. The bill:

- Adds language allowing the concealed carry of a firearm without a concealed carry license issued by the State, as long as that individual is not prohibited from possessing a firearm under either federal or state law;
- Specifies the carrying of a concealed handgun cannot be prohibited in any building unless the building is posted in accordance with rules and regulations adopted by the Attorney General; and
- Concealed carry licenses will still be issued by the State, but the availability of those licenses cannot be construed to prohibit the carrying of handguns without a license, whether carried openly or concealed, loaded or unloaded.

3) House Bill 2048 creates new crime of Aggravated Criminal Damage to Property to deter scrap metal theft

HB 2048 establishes the “Scrap Metal Theft Reduction Act” (Act) by adding and amending law related to scrap metal dealer registration and scrap metal sales. Additionally, the bill amends certain criminal provisions related to scrap metal theft in the following manner:

- The bill amends the statute providing for *prima facie* evidence of intent to permanently deprive an owner or lessor of possession, use, or benefit of property;
- The bill amends the statute governing the crime of criminal damage to property to create the crime of **aggravated criminal damage to property**, which is defined as criminal damage to property, if the value or amount of damage exceeds \$5,000, committed with the intent to obtain regulated scrap metal or related items, where the crime is committed on any building, structure, residence, facility, site, place, property, vehicle, or infrastructure. The new crime is a severity level 6, nonperson felony, and a special sentencing rule is added to the sentencing grid statute imposing a sentence of presumptive imprisonment where an offender has a prior conviction for any nonperson felony.
- The bill sets forth various costs to be included in determining the amount of damage to property, including cost of repair or replacement; loss of production, crops, and livestock; labor and material costs; and costs of equipment used to abate or repair the damage; and
- The bill enacts new law establishing that, at a preliminary examination, the business records containing the details of the sales or transactions maintained by scrap metal dealers pursuant to

the Act may be admitted into evidence as if the individuals who made the record and the records custodian had testified in person.

4) House Bill 2051 increases program credit for inmates, good time credit for drug severity level three offenders, and expands the use of the risk assessment tool for Community Corrections placement

HB 2051 amends K.S.A. 21-6821 to increase the amount of good time credit an inmate sentenced for a drug severity level 3 crime committed on or after July 1, 2012, may earn, from 15 percent to 20 percent. The bill allows those same offenders to earn program credits and increases the amount of time that may be earned from 60 days to 90 days for all eligible offenders, including drug severity level 3.

The bill also amends the list of adult offenders in K.S.A. 75-5291 who are eligible to be placed in community correctional services programs to remove placements based on offense classification and expands placements based on the use of a standardized risk assessment tool specified by the Kansas Sentencing Commission. Those offenders who are determined, on or after July 1, 2014, to be moderate or very high-risk by this tool shall be eligible for placement. (Note: offenders who are determined to be high-risk by this tool are eligible for placement under current law.)

5) Legislature responds to *State v. Murdock* ruling

HB 2053 amends K.S.A. 21-6810 and K.S.A. 21-6811 regarding the calculation of criminal history to specify that any prior adult felony conviction, prior misdemeanor, or prior juvenile adjudication for offenses committed before July 1, 1993, shall be scored as a person or nonperson crime using a comparable offense under the Kansas Criminal Code that was in effect on the date the current crime of conviction was committed. The bill states these amendments are procedural in nature and shall be construed and applied retroactively. This bill is in direct response to the invitation of the Supreme Court to legislate bill language in the revised Kansas Sentencing Guidelines Act that would resolve the issue presented in *State v. Murdock*, 299 Kan. 312, 323 P.3d 846 (2015).

6) House Bill 2055 adds officials to list of Battery on a Law Enforcement Officer, clarifies misdemeanor criminal history calculation, creates a special sentencing rule for Aggravated Battery while DUI and modifies the special sentencing rule for Involuntary Manslaughter while DUI

Battery Against a Law Enforcement Officer

The bill amends the crime of battery against a law enforcement officer in K.S.A. 21-5413 to include battery against a judge, attorney, court services officer, or community corrections officer in the performance of their official duty. Each of these positions are defined. The bill similarly amends the crime of aggravated battery against a law enforcement officer.

Criminal History Determination for Misdemeanors

The bill amends K.S.A. 21-6811 governing the determination of an offender's criminal history to establish a procedure for classifying out-of-state misdemeanor convictions. The comparable Kansas offense shall be used to classify the out-of-state conviction as a class A, B, or C misdemeanor. If the comparable Kansas offense is a felony, the out-of-state conviction shall be classified as a class A misdemeanor. If there is no comparable Kansas offense, the out-of-state conviction will not be included in the criminal history.

Aggravated Battery While DUI

The bill also amends K.S.A. 21-6811 with provisions known as Mija Stockman's Law, which creates a special rule for determining criminal history for a conviction of aggravated battery when a person is DUI and great bodily harm to another person or disfigurement of another person results from such act. The rule provides that, for the purposes of determining an offender's criminal history, the first prior adult conviction, diversion in lieu of criminal prosecution, or juvenile adjudication of DUI, commercial DUI, or DUI test refusal shall count as one nonperson felony. Each second or subsequent prior adult conviction, diversion in lieu of criminal prosecution, or juvenile adjudication of these offenses would count as one person felony.

Involuntary Manslaughter While DUI

The bill also adds commercial DUI and DUI test refusal to prior convictions, diversions, or juvenile adjudications that count as person felonies in determining the criminal history for a conviction of involuntary manslaughter while DUI.

2019

In the 2019 Legislative Session, the Legislature enacted several significant statutory changes affecting the general practice of criminal law and those specifically affecting sentencing law and procedure. We highlight the following:

- 1) **SB 18 is an omnibus crime, punishment, and criminal procedure bill and amends statutes regarding the crime of counterfeiting currency, access to presentence investigation reports, authority to enter into diversion agreements, out-of-state criminal history, appeals related to criminal cases, correction of illegal sentences, drug abuse treatment programs, probation violation sanctions, the penalties for the crimes of involuntary manslaughter and abuse of a child, a mitigating factor for sentencing when a victim is an aggressor or participant in the criminal conduct associated with a crime of conviction, and law enforcement notifications to domestic violence victims.** The bill:
 - A. amends the crime of **counterfeiting currency** to add clarifying terms and removes the “intent to defraud” element currently applicable to all three means of committing the crime, add this intent to the first means, and add knowledge of this intent to the second means;
 - B. amends the statute governing the **presentence investigation report** prepared in criminal cases to allow access to the report by community correctional services and any entity required to receive the information under the Interstate Compact for Adult Offender Supervision;
 - C. amends statutes relating to **diversion** in criminal cases to include the Attorney General within the definition of “district attorney,” thereby specifically authorizing the Attorney General to enter into diversion agreements pursuant to these statutes;
 - D. amends current law governing **criminal history classification** to make current provisions for classification of an out-of-state crime as person or nonperson applicable only to misdemeanors by requiring an out-of-state conviction or adjudication for the commission of a felony offense or an attempt, conspiracy, or criminal solicitation to commit a felony offense (out-of-state felony) be classified as a person felony if one or more of the following circumstances is present, as defined by the convicting jurisdiction:
 - death or killing of any human being;
 - threatening or causing fear of bodily or physical harm or violence, causing terror, physically intimidating, or harassing any person;
 - bodily harm or injury, physical neglect or abuse, restraint, confinement, or touching of any person, without regard to degree;

The bill requires an out-of-state felony be classified as a person felony if the elements of the out-of-state felony necessarily prove a person was present during the commission of the offense, if the person present was someone other than the defendant, a charged accomplice, or another person with whom the defendant is engaged in the sale, distribution, or transfer of a controlled substance or non-controlled substance. “Presence of a person” includes physical presence and presence by electronic or telephonic communication.

- E.** The bill amends a provision listing certain claims arising from criminal cases that may be reviewed in “any appeal” to specify these claims may be reviewed in “**any appeal from a judgment of conviction.**” The claims, which are not amended by the bill, are a departure sentence resulted from partiality, prejudice, oppression, or corrupt motive; the sentencing court erred in including or excluding recognition of a prior conviction or juvenile adjudication for criminal history scoring purposes; or the sentencing court erred in ranking the crime severity level of the current crime or in determining the appropriate classification of a prior conviction or juvenile adjudication for criminal history purposes.
- F.** The bill amends the statute governing **correction of an illegal sentence** to specify an illegal sentence may be corrected only while the defendant is serving such sentence and to define “change in the law” as a statutory change or an opinion by a Kansas appellate court, unless the opinion is issued while the sentence is pending an appeal from the judgment of conviction.
- G.** The bill expands eligibility for the nonprison sanction of placement in a certified drug abuse treatment program, commonly known as **2003 SB 123**, to include offenders convicted of a controlled substance cultivation or distribution offense that falls within existing severity level and criminal history categories eligible for such treatment for controlled substance possession offenses. These categories include drug severity level 5 offenses without certain previous convictions and drug severity level 4 offenses with a criminal history score of E or lower without certain previous convictions.

Amends the statute governing **probation violations** to remove violation sanctions allowing the court to remand the defendant to the custody of the Secretary of Corrections for periods of 120 days or 180 days. The bill removes procedural provisions related to or dependent on these sanctions, removes statutory references to the sanctions (including those in the statute governing postrelease supervision), and moves provisions allowing revocation without first imposing remaining sanctions in certain situations.

It further establishes the Commercial Industrial Hemp Program and establishes hemp processing registrations, prohibitions on specific products, sentencing guidelines, and waste disposal requirements.

 - the Commission to study specialty courts and make recommendations for the use of specialty courts throughout the state; and
 - the Commission to survey the availability of evidence-based programming for offenders provided both in correctional facilities and in the community and make recommendations for changes in available programming.

2020

In the 2019 Legislative Session, the Legislature enacted several significant statutory changes affecting the general practice of criminal law and those specifically affecting sentencing law and procedure. We highlight the following:

- 1) **The COVID-19 pandemic reached Kansas during the 2020 Legislative Session.** As a result, the end of the session focused on economic and public safety measures for Kansans. Of the 1,352 bills available for passage from the House and Senate, only 13 (1.1%) became law. The following is the sole relevant criminal law bill that was signed into law by the Governor.
- 2) **Senate Sub. for HB 2034 amends law related to court orders for restitution by criminal defendants.**

Under previous law, a court was required to order restitution unless the court found compelling circumstances that would render a plan of restitution unworkable. The bill amends this provision to require a court to order restitution and to specify that ordered restitution shall be due immediately, unless the court orders that the defendant be given a specified time to pay or be allowed to pay in specified installments, or the court finds compelling circumstances that would render restitution unworkable, either in whole or in part. The bill amends continuing provisions requiring the court to state reasons for unworkability on the record and requiring the court to initiate collection proceedings if the defendant is in noncompliance with the restitution order after 60 days to reflect the above amendments. The collection provisions also are amended to reflect enacted changes to related statutes.

A provision is added to allow a defendant subject to a restitution order entered prior to the effective date of the bill to file a motion prior to December 31, 2020, proposing payment of restitution in specified installments, if the order does not give the defendant a specified time to pay or set payment in specified installments. The court may recall the restitution order from the assigned agent until the court rules on the motion. If the court does not order payment in specified installments, or if the defendant does not file a motion by the above date, the restitution will be due immediately.

The bill specifies the above amendments are procedural in nature and shall be construed and applied retroactively.

The bill amends the statute governing conditions of probation or suspended sentence to direct that reparation or restitution in such cases be made in accordance with the procedure amended by the bill.
